Appreciation Letter

Mr. **Neev Dilipraj Shirke** a student of Computer Engineering department of Vishwakarma University participated as a security penetration tester under my supervision during 19th October to 24th October 2020.

I appreciate his efforts to apply security knowledge and skills to perform penetration testing of websites in a controlled environment to identify weakness and security vulnerabilities.

It is worth to mention that, during this activity from 19th October to 24th October 2020 his performance was found to be **Satisfactory**.

I wish him all the best in his future endeavors.
